TO WHOM IT MAY CONCERN

This is to confirm that M/s Ecopower Pvt. Ltd. had fitted Aircosavers, Energy Saving Units to our unitary air conditioning systems working at Fiat India Automobiles Ltd., Ranjangaon MIDC Industrial Area, Ranjangaon, Pune.

The above Aircosaver unit was installed and commissioned in December 2013.

Power consumption was recorded by an energy meter installed by us specifically to measure the power saving performance. The meter shows an average power saving of 15% achieved to date.

We are pleased to note that their device is saving more than the assured level. Ecopower's after sales service is satisfactory. We have no hesitation in recommending this technology for other AC systems.

For FIAT

A handwritten signature in blue ink, appearing to read "M. Gujarathi", is written over the typed name below.
