To Whom It May Concern

Subject: Airco Saver Energy Saving Device

This is to confirm that, we tested and installed energy saving device, AIRCOSAVER of Shobuj-Bangla Energy on our various Air Conditioning units on 200 BTS sites throughout Bangladesh on a pilot project. In our opinion, AIRCOSAVER has proven substantial energy saving potential without compromising cooling comfort.

We have not observed any performance issues with the Air Conditioners during a three months' test period.

Yours Faithfully,
